 - Proof of insurance must be presented at the time of booking and will remain on file for the duration of the insurance policy. We highly recommend that you keep a copy with you at all times.
 - Traders must carry out and keep a risk assessment covering trip hazards, electrical/gas safety, hygiene, and infrastructure.
 - Gazebos or other structures must be fit for purpose including adequate weights and/or straps which meets your insurance cover. Commercial grade gazebos/shelters must be used.
 - Traders are responsible for ensuring all products meet UK legal and safety standards, including weights and measures, hygiene, cosmetics, toy safety, and hallmarking laws.

-

Set up, Presentation & Close Down

- Traders must be set up and vehicles cleared no later than 8.45am. Close down must not commence any earlier than 4pm.
 - Stalls must be professional, safe, and align with the standards expected. The event team may request immediate changes to your display or remove items not deemed suitable.
 - Products containing offensive, explicit, or inappropriate imagery/profanities must be censored. Products imitating weapons (toy, edible, illustrated, or otherwise) are not permitted.
-

Bookings & Allocation

- Whilst we will always try to provide your 'regular' pitch allocation, it may be necessary to change positioning and layouts at any time to suit operational needs.
- Where possible, we will strive to ensure that only one type of trader or product category is accepted at Filey Market. This does not apply to our food festivals, although we will ensure that bookings are not taken from more than three similar trade types.

- Removal from an event or future events may occur if products, conduct, or presentation are deemed unsuitable or inconsistent with the ethos or standards of Pink Pigeon of Bridlington.
- Traders agree that Pink Pigeon's decisions are final and that no legal claim, defamation, or damages action may be brought against Pink Pigeon, in connection with the refusal, cancellation, or removal of a booking.
